

Cobb County Bicycle and Pedestrian Improvement Plan

Public Open House Workshops January 20, 21 & 22

The Cobb County Department of Transportation is conducting a 15-month planning project - the Bicycle and Pedestrian Improvement Plan - that will identify where Cobb County can improve conditions for bicycling and walking and identify a strategy for investing in those improvements over time.

Bicycle and pedestrian facilities include shared use pathways (like the Silver Comet Trail), on-street bike lanes and shoulders, sidewalks and improvements to make crossing the street safer. The Cobb County Department of Transportation needs your input to help determine where these facilities are needed. Please come to one of three public open house workshops around the county on January 20, 21 and 22 from 4:30pm to 8:30pm.

The workshops will provide information on the current conditions for walking and biking on the county's roadways, explain the benefits of bicycling and walking for the individual and the community, and allow you to help set priorities for public investment in pedestrian and bicycle facilities.

There will be no formal presentation. Open House Workshops will be held between the hours of **4:30pm to 8:30pm**, please drop by anytime at the following locations:

Tuesday, January 20, 2009
Cobb County Central Library
266 Roswell Street
Marietta, GA 30060

Wednesday, January 21, 2009
